Since the beginning of 2019, we have received no complaints about our free Robux generator. That comes as no surprise to us because we know the generator is in excellent condition. We used cutting-edge technology and coding to construct this robux generator, and it took a significant amount of time and work to get it up and running.

We wanted to provide everyone the opportunity to play Roblox in its entirety. And you can only play the complete game if you have enough robux. You don't need it to play Roblox, but it does provide you access to a lot of fun features.
